

Governance...

...is a messy business

Politics...

...is a messy business

Coordination...

...is a messy business

Collaboration...

...is a messy business

Cooperation...

...is a messy business

Governance...

...is a messy business

Governance...

...is a messy, chaotic business

Governance...

...is a messy, chaotic, sloppy business

DAO Governance...

...is a messy, chaotic, sloppy business

Who has joined a DAO?

Who has voted on an
onchain DAO proposal?

Who has created and
passed a DAO proposal?

Who has created a DAO
governance system?

I'm Paulo Fonseca, I've been into DAOs since the infamous "The DAO" and I design tools for DAO people.

I also might have been involved in the birth and death of a DAO or two.

You can find out more about me at paulofonseca.com

DAO Governance

Governance

What is Governance, really?

...the **structures, processes, and traditions** that determine how:

power is exercised

stakeholders have their say

decisions are made

decision-makers are
accountable

What is Governance, really?

...the **structures, processes, and traditions** that determine how:

decisions are made

What is Governance, really?

...the **structures, processes, and traditions** that determine how:

decisions are made

What is Governance, really?

...the **structures, processes, and traditions** that determine how:

decisions are made, by a group of people

Governance...

...will always be messy.
